Any one will admit this great TRUTH, that any remedial agent, whether simple or compound, that is represented to sure every complaint or diease that is known, can only be called a humbur, and the owner of it an impostor; and that any article compounded on scientific principles, designed as a cure for one specific disease, and does effectually and permanently cure that disease, is a bicaulus to those afflicted with it, and the owner of it should be honored and gratefully remembered. Such an one is G. A. Leonard, proprietor of the South American Feber and Ague Remedy. Try it, and you will never say humbug.
